

About CCH

Last Updated Wednesday, 13 January 2010

Since 2001, Computer Community Hospital has custom built computers and networks for a variety of different businesses in Florida. We are a Woman-Owned Business offering "Exceptional Service" by one of our highly qualified technicians...not Geeks!

Computer Community Hospital's custom computer services are not limited to commercial and industrial clients. Our client list also includes hundreds of individuals who have bought our computers for personal use.
